- If a Lot is described at the time of the Sale as in "working order" that Lot is understood to have no defect which renders it incapable of the reasonable work for which it is intended.
- A Lot including any electrical item will have been inspected by an electrician. For those items which have not been inspected the plug will be removed and sold as scrap. Where electrical equipment is sold without specific instructions for its use it is the responsibility of the Buyer to seek independent advice as to its safe operation.
