DESCRIPTION

Situated within breath-taking countryside in the village of Corpusty, this charming home offers a peaceful retreat from the hustle and bustle of city life. Nestled within grounds measuring just over 3 acres, including an acre of woodland to explore, it is a truly special place to call home.

Following it's conversion in the 1980's, with original parts of the home dating back to the 1700's, the property now offers generous and bright accommodation to include a welcoming, impressive entrance hall - so spacious it has even been used as an extra room for hosting. The living room is in the heart of the home, the large South facing windows and patio door to the private rear garden flood the room with light while the wooden beams and wood burning stove make this a cosy space. The kitchen has been opened up by the current owners to allow for a dual aspect kitchen diner with island unit; an ideal place for hosting the family, there is a utility room, storage/boot room and access to the integral double garage. The ground floor accommodation is completed with two bedrooms, a shower room and a cloak room.

There are two further bedrooms, each accessed up separate stairways. The second bedroom is the ideal retreat, it has an ensuite bathroom; fitted with a roll top bath, and a private decked balcony area overlooking the garden. The principle bedroom also boasts a luxurious ensuite and a dressing area.

Another aspect to set this property apart are the contemporary upgrades, including the addition of solar panels with storage batteries, waste treatment, a new biomass boiler and refitted windows and doors, allowing for a more modern, energy efficient lifestyle without losing the traditional charm of a barn conversion.
